TWO THUMBS WAY UP!

A powerful and touching story spanning fifty years in the lives of four best friends that will grab you and not let go. M.I.A. (missing in action), in Vietnam, for thirty-nine years, the remains of Lt. Jack E. Buchannon, U.S.M.C., are found and identified. He is brought home and awarded the medal of honor and buried as a fallen hero. His three childhood best friends, all ex-marines and Vietnam veterans, get together after attending the funeral to raise a toast, look back on their lives, their friendship and their service to country. A truly captivating and original drama that will have you on the edge of your seat!

Multiple award winning actor Talbot Perry Simons, bursts onto the scene with a phenomenal film-making debut. His new motion picture "Still The Drums" blew away the audience and judges at the 2009 New York International Independent Film and Video Festival, winning the top five awards for it's screenings in both New York and Los Angeles.
